

RYPLON ELEVATORS

EXPERIENCE THE EXCELLENCE

MANUFACTURER, SUPPLIER AND IMPORTER

FOUNDER'S SPEECH

I am driven by a passion for innovation and safety in vertical mobility. With a strong engineering background, I established this company to deliver reliable and efficient elevator solutions, redefining urban movement with excellence.

MR. CHIRAG CHAUHAN

Mission

Our mission is to design, manufacture, and maintain elevators that prioritize safety, sustainability, and superior performance, ensuring seamless mobility for every individual and business we serve.

Vision

We envision a world where vertical transportation seamlessly integrates into urban life, enhancing accessibility and efficiency while reducing environmental impact.

Values

Safety First: We are uncompromising in our commitment to safety in design, manufacturing, and maintenance.

Innovation: We constantly strive to improve through cutting-edge technology and forward-thinking solutions.

Sustainability: We are dedicated to reducing our ecological footprint by embracing eco-friendly materials and processes.

Customer-Centric Approach: We aim to exceed customer expectations with exceptional service and tailored solutions.

Integrity: We uphold the highest standards of transparency, ethics, and reliability in everything we do.

Machine Roomless Elevators

Less Space, Less Energy, More Flexibility.

RYPLON ELEVATOR Machine Roomless Elevator is acquainted with environmental protection ideas. It saves energy, decreases the consumption, brings about less building area and raises the design freedom which thoroughly shows the green sense of humanism. Compared with the equal load rating geared lift, it saves over 45% of the electric energy. EXCEL ELEVATOR machine roomless lift breaks through the premise of the machine room set forth by the traditional lifts. It supplies the infinite creation possibilities in the limited space of modern architectures.

Dimensional Details: Machine Roomless Elevator

Capacity		Car Inside		Lift Well		Clear Entrance	Clear Opening At Landing	
PERSON	KGS	A	B	C	D	E	F AUTO DOOR	F MANUAL TELESCOPIC
6	408	1200	900	1800	1400	700	780 / 2100	1450 / 2350
8	544	1300	1100	1900	1600	800	880 / 2100	1600 / 2350
10	680	1300	1300	1900	1800	800	880 / 2100	1600 / 2350
13	884	1300	1400	2200	1900	900	980 / 2100	1700 / 2350

All dimensions are in MM size

Passenger Elevators

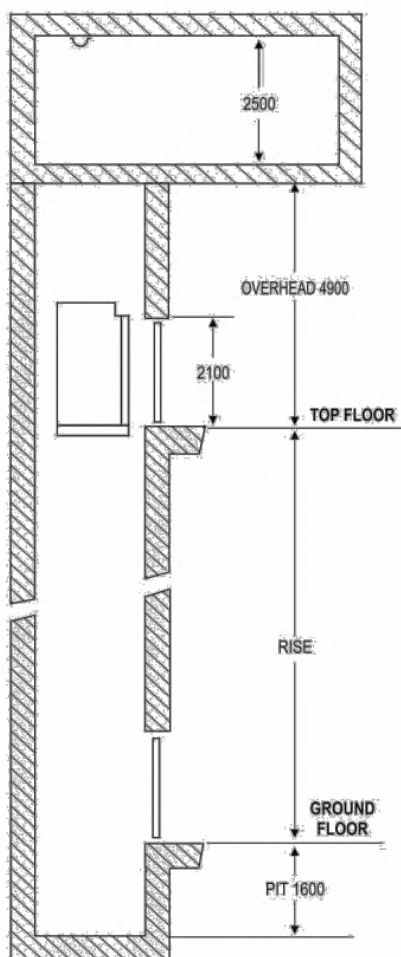

Auto Doors

Ryplon Elevator Passenger Elevator has flexible and diverse car designs which can integrate with multiple buildings. It can especially satisfy the continuously increasing requirements from medium and high rise constructions. Goods Elevators

Ryplon Elevator, fully utilizing the advanced and full-computerized control technology, adopts the mature AC speed governor VP control system and VVVF control system. It is simple in structure and convenient in repair and maintenance. Also it fulfils a qualitative leap in the aspects of the signal transmission and running control, which brings about more stable and reliable, lower noise, smoother running and more accurate leveling compared with traditional freight elevator. It makes the goods much easier for entry and exit. In addition, Ryplon Elevator can offer the micro-processor with high-speed operating abilities and expansion interface to ensure to satisfy the special requirements from users.

Home Elevators

For Low Size

Home Lift is the elevator designed to meet vertical mobility needs in public and private buildings. It is the ideal solution for elderly and impaired mobility persons who can finally move autonomously and free from stairs. page 6 Capacity 3 to 4 Passenger It is a modern product, designed and manufactured to meet a wide range of needs: from the garage to the roof, you can move effortlessly up to 4 floors.

In a relatively short period of time, elevators have become essential to urban life. As people continue to erect monumental skyscrapers and make small buildings handicap-accessible, elevators will become an even more pervasive element in society. It is truly one of the most important—and useful — machines of the modern era
